## What is Cat Cavorting?

Cat Cavorting is a 501c3 focused on helping communities and individuals manage outdoor cat colonies with TNR (trap, neuter, return) and rescuing adoptable cats off the streets.

It is our mission to provide communities with the education, training, and assistance needed to maintain a cat colony and provide community cats with a better quality of life.

**How Cat Cavorting  
can help you with  
community cats**

- Support managing your cat colony
- Assistance finding homes for adoptable cats
- Training your community about TNR

# cat cavorting

## What are the benefits of trap-neuter-return?

- Prevents overpopulation of cats
- Spaying/neutering reduces bad behavior
- More effective and humane than trap and kill methods
- Increases neighborhood property values

**Please consider donating on our website to help us achieve our mission.**
